Review of Operations

The Company's investment objectives are:

- Preservation of the capital of the Company;
- Achieve a high real rate of return, comprising both income and capital growth; and
- Deliver shareholders a secure income stream in the form of fully franked dividends.

The Company aims to achieve these objectives by seeking to invest for the medium to long-term in companies and construct an investment portfolio which will

- Focus on the investment merits of individual stocks rather than market and economic trends;
- Invest in shares which it expects to yield dividends:
- Invest in securities which it assesses to be undervalued relative to their long term potential;
- Have the securities of between 20 and 50 issuers represented in its portfolio.

The Directors have established a number of key performance indicators that they will use in their assessment of the Company's performance, including, earnings per share, dividends paid to shareholders and asset backing per share.

The Company presently has short term debt of \$147,210. At the 31st December 2006, approximately 19.9% of the Company's assets remained in Cash and Fixed Interest.

The net profit after tax for the half year ended 31st December 2006, was \$50,903.

The asset backing per share increased by 7.5% from \$0.53 to \$0.57.

Auditor's Declaration

The lead auditor's independence declaration under section 307C of the *Corporations Act 2001* is set out on page 3 for the half-year ended 31 December 2006.

This report is signed in accordance with a resolution of the Board of Directors.

Auditor's Independence Declaration To the Directors of Illuminator Investment Company Limited

The Board of Directors
Illuminator Investment Company Limited
10 Murray Street
HAMILTON NSW 2303

27 February 2007

Dear Sirs,

Illuminator Investment Company Limited

In accordance with section 307C of the Corporations Act 2001, I am pleased to provide the following declaration of independence to the directors of Illuminator Investment Company Limited.

As lead audit partner for the review of the financial statements of Illuminator Investment Company Limited for the half-year ended 31 December 2006, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- (i) the auditor independence requirements of the Corporations Act 2001 in relation to the review; and
- (ii) any applicable code of professional conduct in relation to the review.

Yours sincerely

FORSYTHES

Interim Financial Report

NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE HALF-YEAR ENDED 31 DECEMBER 2006

NOTE 1: SIGNIFICANT ACCOUNTING POLICIES

Basis of Preparation of the Condensed Financial Statements

The half-year condensed financial statements are a general purpose financial report prepared in accordance with the requirements of the *Corporations Act 2001*, Australian Accounting Standard AASB 134: Interim Financial Reporting, Urgent Issues Group Interpretations and other authoritative pronouncements of the Australian Accounting Standards Board.

It is recommended that this financial report be read in conjunction with the annual financial report for the year ended 30 June 2006 and any public announcements made by Illuminator Investment Company Limited during the half-year in accordance with continuous disclosure requirements arising under the *Corporations Act 2001*.

The half-year report does not include full disclosures of the type normally included in an annual financial report.

(a) Holdings of Securities

(i) Balance Sheet classification

The Company has two portfolios of securities, the investment portfolio and the trading portfolio.

The investment portfolio relates to holdings of securities which the directors intend to retain on a long-term basis, and has been classified as a non-current asset.

The trading portfolio comprises securities held for short term trading purposes and is classified as a current asset.

(ii) Valuation of investments

Securities, including listed and unlisted shares, notes and options, are initially brought to account at cost (including any associated transaction costs) and are continuously carried at fair value.

Fair value for the purposes of valuing holdings of securities is determined by reference to market prices prevailing at balance date, predominantly last sale price, where the securities are traded on an organised market. Where a security is not so traded, its fair value is determined by the Directors.

(iii) Gains and losses on investments

Investment portfolio

When investments in the investment portfolio are sold or impaired, the accumulated fair value adjustments are transferred from the investment revaluation reserve to the Income Statement as gains or losses on the investment portfolio. The cumulative gain or loss, net of tax, is then transferred from retained profits to the realised capital profits reserve. Unrealised gains and losses arising from changes in the fair value of long-term investments are recognised in equity in the investment revaluation reserve.

Trading Portfolio

Realised and unrealised gains and losses arising from changes in the fair value of the trading investments are included in the Income Statement in the period in which they arise.

(iv) Income from holdings of securities

Distributions relating to listed securities are recognised as income when those securities are quoted ex-distribution basis. Distributions relating to unlisted securities are recognised as income when received unless the distributions are capital returns in which case the amount of the distribution is treated as an adjustment to the cost base of the securities.

Interim Financial Report

NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE HALF-YEAR ENDED 31 DECEMBER 2006

NOTE 1: SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(b) Income Tax

The Company adopts the liability method of tax-effect accounting whereby the income tax expense is based on the profit from ordinary activities adjusted for any non-assessable or disallowed items.

Deferred tax is accounted for using the balance sheet liability method in respect of temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. No deferred income tax will be recognised from the initial recognition of an asset or liability, excluding a business combination, where there is no effect on accounting or taxable profit or loss.

Deferred tax is calculated at the tax rates that are expected to apply to the period when the asset is realised or liability is settled. Deferred tax is credited in the income statement except where it relates to items that may be credited directly to equity, in which case the deferred tax is adjusted directly against equity.

Deferred income tax assets are recognised to the extent that it is probable that future tax profits will be available against which deductible temporary differences can be utilised.

The amount of benefits brought to account or which may be realised in the future is based on the assumption that no adverse change will occur in income taxation legislation and the anticipation that the economic entity will derive sufficient future assessable income to enable the benefit to be realised and comply with the conditions of deductibility imposed by the law.

(c) Comparative Figures

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

Ordinary shares participate in dividends and the proceeds on winding up of the Company in proportion to the number of shares held. At shareholders meetings each ordinary share is entitled to one vote when a poll is called, otherwise each shareholder has one vote on a show of hands

a. Dividend Reinvestment Plan

The Company has a Dividend Reinvestment Plan (DRP) under which shareholders elected to have all or part of their dividend payment reinvested in new ordinary fully paid shares. Pricing of the new DRP shares was based on the average selling price of shares traded on the National Stock Exchange in the three days preceding the books close date.

b. Options

On 17 June 2004, 1,260,262 options were granted to the holders of ordinary shares at an exercise price of \$0.50 each. The option was exercisable on or before 15 December 2006.

As at 15 December 2006 the company had received exercise notice acceptance forms for 750,210 shares, which were issued by the Company at \$0.50 each. All options unexercised as at 5.00pm on 15 December 2006 expired.

On 13 October 2006, 703,283 options were granted to the holders of ordinary shares as a bonus issue with an exercise price of \$0.65 each. The option is exercisable on or before 15 December 2007.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF ILLUMINATOR INVESTMENT COMPANY LIMITED

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Illuminator Investment Company Limited, which comprises the balance sheet as at 31 December 2006, and the income statement, statement of changes in equity and cash flow statement for the half-year ended on that date, other selected explanatory notes and the directors' declaration for the company.

Directors' Responsibility for the Half-Year Financial Report

The directors of Illuminator Investment Company Limited are responsible for the preparation and fair presentation of the half-year financial report in accordance with the Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Act 2001. This responsibility includes designing, implementing and maintaining internal control relevant to preparation and fair presentation of the half-year financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting polices; and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 "Review of an Interim Financial Report Performed by the Independent Auditor of the Entity", in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the company's financial position as at 31 December 2006 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 "Interim Financial Reporting" and the Corporations Regulations 2001. As the auditor of Illuminator Investment Company Limited, ASRE 2410 requires that we comply with the ethical requirements to the audit of the annual financial report.

A review of the half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. It also includes reading the other information included with the financial report to determine whether it contains any material inconsistencies with the financial report. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Illuminator Investment Company Limited is not in accordance with the Corporations Act 2001, including:

- (a) giving a true and fair view of the company's financial position as at 31 December 2006 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.
